AGENDA ITEM IV

CURRICULAR REVISION

UNIVERSITY OF LOUISIANA-LAFAYETTE

M.S. IN ENGINEERING AND TECHNOLOGY MANAGEMENT

STAFF SUMMARY

The University notes that the program has only attracted a limited number of students. Resources currently being used to offer this program could be better utilized to support more productive graduate Engineering programs.

The staff concurs with the University's rationale for program termination. The University is commended for the self-review which led to this request.

STAFF RECOMMENDATION

The staff recommends that the Academic Affairs and Student Committee terminate the M.S. program in Engineering and Technology Management (CIP Code 15.1501) at the University of Louisiana-Lafayette, effective end of Spring Semester, 2007.
